EDUCATION

B. Tech Computer Science & Engineering |

Hemvati Nandan Bahuguna Garhwal University,
Srinagar, Uttarakhand
2023-2027

INTERNSHIP & Trainings

React js Intern –inernSpark| june 2026

Completed 4-week internship focused on front-end Development .Built responsive layouts using HTML, CSS, Javascript

TECH SKILLS

Programming & Concepts: C, C++, Python, JavaScript, SQL,
Data Structures & Algorithms.

Web Development: HTML, CSS, React JS, Node JS.

Database: MySQL, RDBMS

Tools: Git, GitHub, Visual Studio Code

ACADEMIC PROJECTS

Simple KBC Quiz game:

Developed a KBC Quiz Game in C language with multiple-choice questions, score tracking, and a 50-50 lifeline feature. This project improved my understanding of core C concepts like loops, functions, arrays, and conditional statements.

Library management system:

Built a responsive Library Management System (HTML/CSS/JS) with modules for book cataloging, member registration, and issue/return tracking, featuring dynamic UI updates and due-date automation.

Translator:

Built a Translator application using Python with Turtle for the graphical interface and Google Translate API for translation. It also includes local storage to save translation history, with an option to delete records when needed.

SOFT SKILLS

Communication

Teamwork

Time & Task Management

Leadership

Problem Solving
